Your Partner for Success

Primavera P6 Professional Advanced Rel 15.1/15.2

Length: 2 Days
Format: Instructor-Led, Classroom
PDUs 13 / **CEUs** 1.3
Prerequisites:
Fundamentals class. Working knowledge of Windows.

Learn

Using P6 Pro Advanced to manage resource allocation, cost and earned value.

Other P6 Pro Advanced Training courses are also available; see the course description for details.

This two-day course provides in-depth resource and cost management training in Primavera's client/server-based solution. Building off skills learned in the fundamentals course, the advanced course covers advanced topics in managing resource allocation, future-period bucket planning, resource leveling, earned value analysis, updating baselines and top-down budgeting. Hands-on workshops provide an opportunity to apply new skills and functionality.

Who Should Attend

- Existing P6 Users

Learn Outcomes

- Create resources and roles across the enterprise
- Use advanced functionality to assess resource allocation
